Jeanine Rohn moves to amend the agenda to include as unfinished business the following December 2024 motion originally submitted by Rodrigo Argueta and Ian Johnston:

Motion to reinstate Michael Novick as Int. Gen. Manager

I move that the KPFK LSB urges the Executive Director of Pacifica end the unwarranted administrative leave of interim General Manager Michael Novick, and further that the locally produced programming that was introduced on his watch be returned to the airwaves, including but not limited to Creative Frontline, Be a Better Relative, Radio Insurrection, Street Sankofa, and the locally produced Rebel Alliance newscast.

Susan Young explains that the December 2024 motion to reinstate an interim General Manager is out of order because the 2025 bylaws are explicit that Local Station Boards have no responsibility for personnel

matters. Personnel matters are the responsibility of the Executive Director of the foundation and always have been. Therefore, the motion is deemed out of order.

Jeanine Rohn ruled out of order for discussing personnel matters in open session and arguing with the Chair and therefore moved to the waiting room.
