A regular, monthly meeting of the KPFK Local Station Board Finance Committee was held on Thursday May 20, 2010 at KPFK 3729 Cahuenga Blvd. West, North Hollywood, California 91604-3504. John Wenger served as Chair. John P. Garry III served as Acting Secretary.

**In attendance:** Ken Aaron (LSB), Bernie Eisenberg, Israel Feuer, John P. Garry III, Kim Kaufman (LSB), Dutch Merrick (LSB), Summer Reese (LSB) John Wenger (LSB), Roger Zimmerman.

**Excused absence:** Fred Klunder (LSB).

**Temporary participant:** Kwazi Nkrumah (KPFK Community Advisory Board Chair)

**7:34 PM Meeting called to order.**

Kwazi Nkrumah mentions the Einstein Plan theatrical group. They have committed to contribute a percentage of profits from their performances to the Pacifica Foundation. Discusses other funding possibilities with other organizations (departs).

John Wenger says we should determine our listener members. There is a limited number (of slots on the committee for them). Listeners must be less than or equal to the LSB members in attendance. Rank ordering is needed if more listeners show up than LSB members. WBAI has a better procedure for this. They take resumes for listener committee members. This is a governance issue.

Ken Aaron: On KPFK website, there is a staffing policy, it also says a person can only be on two committees. This does not apply to LSB members.

John Wenger produces a paper copy of the policy, gives to Bernie Eisenberg.

Dutch Merrick asks how the ranking order is ascertained.
John Wenger: Create lots.
Ken Aaron: This is the policy.
Bernie Eisenberg: Clarifies voting ranking policy—says it isn’t fair.
Ken Aaron. It’s a governance question.
Bernie Eisenberg: Non-LSB members—what about the intentions form that were filled out and given to John Cromshew?
Ken Aaron: The policy exists, this is the policy. We should follow it. Let’s get on to a finance agenda.
John P. Garry III: Let’s meet as a committee of the whole
Kim Kaufman: We can’t do that.

Summer Reese arrives 7:54.

Discussion of what reports to print. Some members leave to print documents. Copies of KPFK LSB Committee Staffing Policy distributed. Ken Aaron and John Wenger discuss the composition of the agenda. Members suggest items for the agenda.

John Wenger reports on PNB meeting regarding the FAP. Summarizes Finance Committee FAP agenda item passing at previous LSB. PNB lacks a means of receiving LSB motions. PNB did not vote on rescinding the FAP. John Wenger met with PNB members informally. He expressed concern to LaVarn Williams (CFO). She said that she wasn’t concerned with KPFK. Berkeley check was purposefully lost so KPFK building would be put up (this is hearsay). PNB does not perceive us as a problem. We aren’t going to have a problem.

Summer Reese: PNB has not discussed the FAP at PNB meetings. Our motion is not objected to at PNB.

Ken Aaron: Management will use reasonable judgment (regarding financial control from PNB). The hallmarks are obvious.

Summer Reese: Problems are in Berkeley and New York. Commits to bringing it up at the next meeting.

More agenda items suggested by Israel Feuer, Dutch Merrick. Dutch says the station budget is behind. Discussion of email communications on budget matters.

Data is lacking for Financials, document print-out troubles. Ken Aaron suggests a verbal report. Summer Reese declines.

Item 4 dropped for lack of full documents.

**Item 3: Arbitrons**: John Wenger argues for LSB Finance Committee access to Arbitrons, which can be used with other objective measures. Arbitrons are in the hands of Bob Conger and Alan Minksy, and unidentified others. Programmers, producers, the Music Director do not have the Arbitrons. Dollars per program can be calculated, dollars per download, and fund drive info. Arbitrons can identify programs that need help, including “mission compliant” programs, which can be supported or changed. Fiduciary responsibility requires it.

Discussion/questions: Dutch Merrick, John Wenger, Israel Feuer, (answers are now timed) Ken Aaron, Roger Zimmerman, Summer Reese, Bernie Eisenberg, John P. Garry III.

Summer Reese answers John P. Garry III, discusses how Arbitrons were previously shared at KPFK as of last year.

Ken Aaron: Arbitron changed their mode of polling/interaction.

Discussion: Dutch Merrick “Arbitron is based on the word “arbitrary.”” Discussion continues: John Wenger, Israel Feuer, Summer Reese.
