Fund Drive Motion: The Local Station Board of KPFT hereby moves the following:
1. The KPFT Local Station Board affirms that the KPFT General Manager should develop a fund drive schedule with pledge revenue goals for each fund drive aligned with the annual KPFT “Listener Support” budget.
2. The KPFT Local Station Board recommends that a fund drive committee be formed by the General Manager 60 days or more before each regular fund drive to organize and leading each fund drive. The fund drive committee should include at least 5 individuals with an appointed Chairperson. Such committee may consist of KPFT staff, KPFT Local Station Board members, or volunteers.

RESPONSIBILITIES OF THE FUND DRIVE COMMITTEE WILL BE TO:
1. Establish general “pitch” and “promotion” guidelines, including selecting appropriate premium items and providing on-air staff with appropriate and consistent “pitching points.”
2. Meet with individual programmers (in person, by telephone or e-mail) to plan a pitch and promotion strategy specific for each show.
3. Work with the Development staff to solicit and schedule challenge funds, as well as donations from third parties that may be offered as premium items.
4. Schedule on-air “pitch assistance” as well as volunteer phone staff to support and staff the drive.
5. Provide necessary training to KPFT staff, volunteers and others assisting with the fund drive. The Chairperson of the committee will furnish to the KPFT General Manager, the Executive Director and the KPFT Local Station Board a written summary of the fund drive results within ten (10) days after the conclusion of the fund drive.

SUCH REPORT SHALL INCLUDE THE FOLLOWING:
1. The fund drive goal and final results;
2. The total pledges received, average pledge amount and the number of pledges received for each KPFT program;
3. Identification of KPFT staff, whom, in the committees’ opinion, demonstrated exemplary support and diligence with the pledge drive;
4. A recognition of Local Station Board Members volunteering for at least one phone shift during the drive, or otherwise contributing to the planning or execution of the fund drive.
5. The KPFT Local Station Board recommends that the KPFT General Manager work with the KPFT technology and development staff to: (1) enable credit card pledge transactions and member database system (a.k.a. “MemSys”) updates for pledges received between the hours of 6am and 10pm on weekdays and 8am to 5pm on weekends during the fund drive to be entered immediately as pledges are received; and (2) to facilitate a process for “thank you” gifts to be processed and mailed directly from “pledge central” whenever possible after credit card
transactions are approved.

6. The Local Station Board recommends to the General Manager that a 1 or 2-day fund drive be scheduled in late December to encourage and take advantage of late tax-deductible year end giving. As respects points 1. and 2. above, a late December fund drive of 1 to 2 days in duration or less shall not be considered a regular fund drive.

Chair assuming motion for report next month.

2120: XII.M Jerry Lynch: I move that we meet in A Committee of the Whole to discuss the overall balance of programming and use as the start of our conversation the great success of the Amy Goodman event and what is happening in the world every day. I suggest that this is a golden moment for KPFT which should not be missed. We should advise management to adjust the programming to include more political content. Further, I say that it is important that there be an easy to follow schedule such as talk/politics from 6:00 AM to 9:00 PM M-F. and music the rest of the time. There is no substitute for an understandable schedule. I suggest that KPFT announce, with as much detail as possible (names of guests or topics), what is going to be on during the latter part of the day. Telling people to go to the web is no substitute.
