2000: Item XIV: Public Comment

Watermelon Festival, asking for volunteers. Looking for sponsors for this event.

Silent auction, looking for auction-able items or services.

Asking for outreach to BAUUC (Bay Area Unitarian Universalist Church), and possibly to other UU churches in the area.
Storytelling event, stories from KPFT.

Encourage each LSB member to raise $1000, or have someone do it for you.

If you are a member of a group, encourage them to join phone bank in pledge drives.

Complaints about muting and misuse of phone system Maestro to the adverse effect on some PNB members.

WBAI LSB board members boycotted to prevent quorum.

Complaint to Bill Crosier for hiring Duane Bradley as financial loss to station.

Appreciate more civil behavior by the KPFT LSB, enjoyed civil meetings.

The word “transparency” keeps coming up, when something is hidden, it has the appearance that something is wrong, such as in finances. People are tired of giving money, public feelings of a lack of responsible use of listener funding. Why were people hired during the current hiring freeze.

A Serious expectation to see action on LSB member misbehavior, in racism, sexism and nationalism, the LSB needs to show accountability.

Objection to Bill Crosiers use of iED position to continue paying previous station manager as an unsustainable expense. How is it we have money to pay defunct manager. Is there an intent apart from the foundation. Consider their actions dangerous to local and national organization, based on observing their actions.

END Item XIV: Public comment

Section IX General Manager report.
Item IX.A Obidike Kamau, presentation
Fund drive report, made $112,000.
Serious errors were going into the drive at the last minute, and a lack of preparation for the drive.
un-drive in August, Sept 14-Oct 4 next major fund drive
Branding contest to help station perception, lead up by P. K. McCary.
August 12 Event John Kirocau, “Doing time like a spy, how the CIA taught me to survive and thrive”, plan to have development event each month. Working on Naomi Klien and Oliver Stone. Current $35,000 received in underwriting, monthly $3500 - $7500, pending contracts range from $8,500 – $44,000.
On vacation in August, not able to attend August LSB meeting.
Strong spirit of cooperation in the staff.
Brought in Christine Blosdale in drive, didn’t work well.
Item IX.A Obidike Kamau, Q&A
Did iED hired consultant provide report. No report received, effort was not effective.
Why did drive only raise 112K? Were rushed into the drive, need for step by step planning, training of
volunteers, sign up sheets, though new things tried, such as the Blosdale pieces, did not get a good
response from the Houston community. Preparation was the biggest issue.
What guesswork goes into drives? Data indicates that we are heading down from drive to drive, we
are trying to find alternate revenue sources to reduce reliance on fund drives. Fund drives as done are
not the answer to our financial situation, and high frequency seems to reduce effectiveness.

BEGIN text of motion XIII.G
I move that a committee be formed to investigate the assertions of inappropriate actions of KPFT Local Station Board (LSB) member and our Director representative to the Pacifica National Board (PNB), Bill Crosier, for the following reasons:

Among the things asserted are that Bill Crosier:

Has engaged in actions by intentionally providing falsehoods that discredit those individuals who are a threat to or disagree with him and the factional group he created;

Has not shown fiduciary responsibility regarding the hiring of individuals who have been shown to be detrimental to KPFT, all without benefit of transparency to the KPFT business officer and interim general manager;

Has shown his contempt to this body, KPFT and the Foundation by not adhering to policies and procedures as it relates to the hiring and firing of employees;

Has used corporate funds to benefit his friends and associates to the detriment of KPFT and the Pacifica Foundation;

And has continually supported individuals who are divisive and destructive to this body, KPFT and the Foundation to dismantle the current work being done to heal and build cohesiveness and collaborations that would benefit the health and well-being of this station and the Foundation.
