Approval of Agenda
Michael White moves the agenda (see below). William Heerwagen motions to amend agenda by adding the two motions after general manager’s report for five minutes each.

First: “The WBAI LSB urges management to review the classification of all workers and also to post – to the staff list and externally, at least on the station’s website – all upcoming openings in every category, before any hiring temporary or permanent employees, consultants, or contractors.”

Second, “Whereas the bank fee for each monthly Buddy payment is less than a dollar per month, but together, costs the station thousands of dollars per year, be it resolved that the WBAI LSB urges management to consider asking those who make contact with the program – such as new WBAI Buddies or those adjusting the amount of their monthly donation – to slightly increase their planned monthly donations to cover the cost of processing the payments.”

Some discussion. Motion fails with 6 for, 7 against, and 3 abstentions. Original agenda is adopted with no objections.

Motion to enable teleconferencing
R. Paul motions to enable the LSB Finance Committee to meet via teleconference. Charlotte amends this motion to allow all committees of the WBAI LSB to meet via teleconference. Amendment passes with no objections. Motion as amended passes with no objections.

Presentation from Ethan Fox on Social Media Strategy for WBAI
Ethan, a social media specialist and digital organizer, shared a social media strategy to promote programming, amplify WBAI’s online presence, and extend fundraising capabilities. His powerpoint presentation can be viewed in full here. He also took questions from staff and listeners, beginning around 01:22 in the recording.

Public comment was held afterwards.

Discussion of Fundraising
Discussion begins with ongoing issues at the call center. Hazel describes problems including call center not being able to find premiums offered on air, not calling back people trying to pledge. Ralph also has not been receiving premiums. Basir agrees it’s frustrating from producer’s perspective, also difficult to coordinate offsite fundraising. During pandemic, difficulty of coordinating fundraising offsite.

Basir also expresses concern over premiums offering dubious health effects (such as Gary Null’s show) during a public health crisis. Jack Devine agrees strongly with Basir and emphasizes moving away from current premium fundraising model to one that attracts large amounts of ongoing small dollar donations. Sharonne recommends events, such as honoring producers. Also need to be speaking to and directly involving the communities we serve. Ana emphasizes professional social media help.

Reports & Other Discussion

Status of LSB Program Director Search Subcommittee & Election Report. Chair reports the results of the election. The committee is Rosalie Hoffman, Shawn Rhodes, Jack Devine, Max
Schmid, Safia Albaiti, Michael White, Reggie Johnson and Errol Maitland. Shawn Rhodes will convene first meeting.

**Report of LSB Committee of Inclusion.** Submitted & presented by William Heerwagen.

**Report from Pacifica National Board Governance Committee.** Presented by Michael White. Whether or not to give more time to or change the method of public comment.

**Report from Pacifica National Board Directors.** Given by James Sagar, filling in for Alex Steinberg. Says he’s winging it. There is a Pacifica-wide hiring freeze for staff, consultants, contracts. Hires have to go through PNB. James is against austerity that takes away ability to raise money.

James was (unexpectedly) elected as chair of the National Finance Committee and PNB Treasurer. There is still a split (pro- and anti- WBAI factions) on the PNB, with one swing vote. Dubious numbers may be used to justify selling off WBAI. Same as it ever was! More bylaws amendments are being discussed, James thinks they could undermine grassroots democracy and endanger the station.

Dee asks if Berkeley sold a building. James: yes, and it was used as part of settling WBAI’s debt with Empire State building debt. William: clarifies it was sold by PNB. Further discussion of classifying income and negotiations with “the big loan.”

**Review status of WBAI Management Evaluation Committee.** Given by Basir. Suggest discussion of final report take place in executive session. Emphasizes confidentiality because of personal information. Michael says he doesn’t know if it will be ready. Report will be given before the meeting, week before meeting takes place. Basir motions to hold a closed meeting on Wednesday May 27th at 7 pm for “consideration of final report of wbai mgmt eval committee.” Passes with no objections.

Mitch motions to add 30 minutes to the agenda. No seconds. Michael motions to add 15 minutes to the agenda. Motion passes.

**Report on WBAI Fightback Committee Activities** given by Marilyn. Recognizes those who worked hard in the bylaws fight. Turned out 60% of producer vote, which was key. Marilyn will send a written report to LSB.
General Manager’s Report. Given by Berthold Reimers. Berthold supplements his report with a Fund Drive Analysis emailed to the board during the meeting. Issues with archive are due to server, beyond our control. Says station did due diligence in looking out for COVID concerns. Asks for comprehensive fundraising and/or social media proposals. All things considered, we are doing well financially.

Report from Interim Program Director. Given by Linda Perry. Recommends LSB do more presentations or workshops. Many new programs to serve our communities. Gives information about many new progressives shows and schedule adjustments. Collaborating with WPFW. Consistent news programs addressing the pandemic. Urges producers to fill out their archive information so she can put together an overview of our best COVID coverage. Encourages premiums that can be distributed online instead of in person, like e-books.
