Approval of Agenda

Discussion of agenda amendment. Basir motions to add “a closed session to discuss and adopt the Management Committee Evaluation Report” as item #6. He points out that several LSB members have requested this addition via email. The report is a revised version that is the result of collaboration between the MEC and Alex Steinberg, as directed by the July 12th (I think?) executive session of the LSB. The Chair says that a small group cannot dictate the agenda and recommends against going into closed session during a regular meeting, and that there is time on the agenda to schedule a separate session at a later date. Several people point out that Basir is requesting to amend the agenda now via a vote of the body, not dictate.

Point of order from R. Paul: it’s illegal to go into a closed session at this meeting, so Basir’s amendment is out of order. He cites Article 7, 6.C: “Members and Public Participation” of the Pacifica bylaws: In the event that all or a portion of a meeting is closed, the LSB shall indicate in its notice of said meeting that the meeting or a part of it shall be closed, and there was no mention of a closed session in the notice for this meeting.

Secretary points out that the MEC Chair (with four out of five committee members in agreement) requested this agenda item on Aug 29, enough time for it to be included in the meeting announcement with proper seven days notice. Point of order from Michael: within 24 hours of that email, he requested materials that the report said would be available upon request and never got them. Lots of crosstalk and disagreement.

The Chair rules that Basir’s amendment to the agenda is out of order.

Alex says that this ignores the opinion he provided from Pacifica’s parliamentarian, that if a matter comes up in open session that requires confidentiality, the body is allowed to go into closed session to discuss it. Mitch says that it was decided at the last full executive session of
the LSB that we discuss it now. He motions to appeal the ruling of the chair, with a second. Jack Devine seconds, saying he was the one who made that motion that the MECR. Paul wants to make it clear again an organization’s bylaws always supersede Robert’s Rules.

**Vote on whether or not to uphold the ruling of the chair.** 7 for upholding, 14 against, 0 abstentions. The Chair’s ruling is not upheld.

Basir’s amendment to add an executive to discuss the Management Committee Evaluation Report as item number 6 passes with 15 for, 5 against, 0 abstentions. With no objections, agenda passes as amended.

Recess to Executive Session
There is some discussion of how to do an executive session via Zoom. We decide to send listeners to the “Waiting Room” and admit them when it’s over. (Great solution, thanks Safia!)

William motions to move public comment up to now. The motion fails 6 for, 10 against, 4 abstention. Public comment will be at 9:15. The body enters an executive session at 8:17 pm.
Report out from executive session, adopted by a majority vote: “The WBAI LSB met in executive session to discuss personnel issues of a confidential nature and to adopt the recommendations of the ad hoc Management Evaluation Committee. The committee has now been discharged.”

We return and public comment is held at 9:20 pm.
