Hikim also wants the Programmer’s Association to contact the Community Outreach Committee concerning events. In addition, he is concerned about the Programmer’s Grievance Rights.
Esther Iverem would like a follow up and support for Millie Ware’s crisis. She indicated that she had a formal grievance against the Program Director and she was given a warning by the IGM.

Thomas Blanton thanked everyone for support of the Juneteenth events. He wants a WPFW table at the Juneteenth event. Dennis instructed him to ask Vinnie Jack and IGM about acquiring volunteers.

Morotolo One a listener was concerned about Millie’s situation. She asked why was Millie terminated. She was told the case was in litigation so the IGM couldn’t discuss it.

Starr asked about the Programmer Bill of Rights status. She stated that it was passed and it was a tight document.

Vote- 5 yes 12 no 4 abstention

#2. Motion

Motion to Reinstat Millie Ware
Whereas, Millie Ware, a programmer on WPFW, was removed from her position following an accusation of airing dirty laundry (“ADL”) live on air; and

Whereas, the Program Director, Interim General Manager and Executive Director dismissed Ms. Ware without hearing from all eyewitnesses to the accused behavior and reviewing all of the facts related to the incident; and

Whereas, the Program Director, Interim General Manager and Executive Director failed to apply the standard definition of ADL as it is set forth in the Pacifica/WPFW Operations Guide, specifically, that a finding of ADL is generally made following a programmer’s intentional on-air complaints about the station, its policies, facilities, and equipment; and

Whereas, Ms. Ware was not in control of the board at the time of the alleged occurrence and had no way of knowing when or whether the programmer before her was operating according to accepted standards; and

Whereas, Ms. Ware’s unintentional act of requesting that the other programmer properly sanitize and relinquish the programmer’s chair did not rise to a level requiring dismissal; and

Whereas, Ms. Ware’s punishment was much more severe than that of other programmers who intentionally made on-air statements that much more closely fit the description of the prohibited behavior described in the Operations Guide; and

Whereas, Ms. Ware has faithfully and professionally performed her duties for over 15 years and has consistently met or exceeded her fundraising goal during early morning hours; then may it be

Be it resolved, that the LSB direct Management to reinstate Millie Ware immediately and allow due process to take place, specifically, that all parties who have firsthand knowledge of the event in question be present at a factfinding meeting and that any decisions made concerning this matter be consistent with those reached in previous situations regarding programmers’ on-air behavior, especially taking into consideration intentional versus unintentional on air speech and that the LSB Grievance Process be used to render a final decision.

Vote- 6 Yes 8 No 7 Abstentions

Motion

I move to review and compare the grievance processes.

PROGRAM DIRECTOR REPORT
JUNE 2024

ONGOING COVERAGE OF PALESTINIAN/CONGO/STUDENT ENCAMPMENTS – Since October, many WPFW Programmers have done an exemplary job of producing programming on this issue, and we have expanded to include coverage of the student encampments across the country and around the globe. We did not broadcast the redline march as we did the first two large marches due to illness, technical and budgetary constraints.

PROGRAMMERS’ HANDBOOK AND BILL OF RIGHTS – Tom Cole graciously agreed to take the leadership on this. Tomorrow, the committee will have a handbook meeting tomorrow evening, and a bill of rights meeting next Thursday. The committee members are Tom Cole, Irene Jefferson, Abby DeRoberts, Jordan Strudwick, Ron Pinchback, Mariah McClain, and Brother Jamil Muhammad. Both will be finalized late June/early July.

PACIFICA COMPLIANCE – At the end of May, Pacifica national imposed a multilayered mandatory compliance policy to be adhered to by all network Programmers and staff as it pertains to how we talk about things on air within and without the context of a pledge drives, and how we deal with sponsorships/underwriting. Our Programmers are taking the training and submitting the surveys. All must have submitted compliance materials or taken training by the end of June.

UPCOMING SPECIAL PROGRAMMING:
JUNE 19 – EMANCIPATED SPIRITS: SLAVERY, FREEDOM, AND RESISTANCE

Very often Juneteent is presented as a story of “news” of the Emancipation Proclamation “traveling slowly” to the Deep South and Texas, but it was really a story of power traveling slowly, and of freedom being seized.

On Wednesday, June 19th, from 5am until midnight, WPFW presents Emancipated Spirits: Slavery, Freedom, and Resistance, from 5am until midnight. Through discussions, music and spoken word, we will interrogate the history of that day; the true meaning of freedom, and the role resistance continues to play in securing liberation.

JUNE 30 – THE HOUSE THAT WANDA BUILT

This is our annual Pride month programming produced by the Inside Out Collective.

JULY 11 – ELLINGTON 125- This will be a relocation fundraising day celebrating Maestro Ellington’s 125th birth year from 5am until midnight.

PAST SPECIAL PROGRAMMING:

MAY 27 – SONGS IN THE KEY OF LOVE: A BIRTHDAY TRIBUTE TO STEVIE WONDER

Singer-songwriter Stevie Wonder’s long career has reflected his concern with humanitarian and social justice issues. His activism has been pivotal in U.S. and world events, including spearheading the campaign to make Martin Luther King Day a national holiday, and relentlessly advocating for an end to apartheid in South Africa.

On Memorial Day, WPFW presented this salute to the artist, and explored all things Stevie, from Saginaw’s child prodigy to recent Ghanaian citizen.

MAY 29 – THE CENTRALITY OF CONGO TO BLACK LIBERATION
On Wednesday, May 29, 5am until 8pm, WPFW, in partnership with Friends of the Congo, presented *The Centrality of Congo to Black Liberation*, an exploration of what is happening in the DRC, and why the Congo must matter to the whole of humanity around the globe.

Through public affairs and music programming, we leaned into Frantz Fanon’s *teaching never to forget that the fate of all of us is at stake in the Congo*.

The day also centered and raised money for the DRC Women, Peace & Security Centre, a grassroots socio-economic initiative providing capacity building for women in the Congo, as a community thank you gift.

**MAY 31 - CELEBRATING SAM “THE MAN” BURNS & 40 YEARS OF HOUSE MUSIC**

WPFW celebrated the life and legacy of DC legendary DJ Sam “The Man” Burns, and the 40th Anniversary of House Music from 5am until midnight!

For more than four decades, Sam "The Man" Burns kept the DC house music scene alive and thriving. He was a skilled DJ with an impressive musical intuition, knowing exactly how to steer a dance floor into a safe place for joy, liberation, and spiritual bliss. Sam was also a community organizer, educator, mentor, activist and artist.

Also at noon on that day - Sam’s family, DJ Kool, and beloved friends came together as the District of Columbia honored him with a street naming ceremony of “Sam The Man Burns Way” located at Longfellow Park 18th and M Streets NW. All are welcome to attend and be a part of DC history!
WPFW, building a better world, one broadcast at a time!

CAB Committee Report

CAB REPORT FOR JUNE 2024 LSB MEETING

The WPFW Community Advisory Board (CAB) received a copy the grievance that Esther Iverem filed against WPFW’s Program Manager on or about 13 December 2023.

Included in her communication were not only her grievance and concerns regarding WPFW matters personally involving her both in her capacity as a staff member and also as a programmer.

Ms. Iverem also enumerated instances where other programmers were summarily dismissed, or their programs were discontinued without benefit of notice or explanation.

CAB incorporates herein by reference all of the concerns that she raised, and I request that they be made a part of WPFW’s record as well as that of the LSB.

CAB revisited her grievance at our 23 February 2024 CAB meeting, and shortly thereafter, we requested that she also provide information of any updates, including communications, that she may have had with WPFW management during the period that transpired since the filing of her grievance. We requested that she continue to follow up with WPFW management regarding her concerns, and to keep the CAB apprised of all actions taken, if any.

We, as a body, informed Ms. Iverem that we would continue to work within the scope of the authority vested in the Community Advisory Board to work toward a resolution as to the concerns that she raised. Having received no additional information at the time of our other meetings, it was agreed at our May 2024 meeting that we should respond to her concerns.

We reminded Ms. Iverem of the functions of WPFW’s CAB, as well as to the scope of our authority as outlined in Pacifica and WPFW guidelines

[Specifically, CAB is authorized to review the station’s programming goals, as well as any significant policy decisions made by the station. The CAB was also established to serve as a vehicle by which the community can effectively provide input to the LSB as to its concerns and ideas. The CAB is also empowered to advise the LSB and the Program Director with respect to whether the programming and other policies of the station are meeting the specialized education and cultural needs of the communities served by the station, and may make recommendations it deems appropriate to meet those needs.]

In that capacity, we are prepared to recommend to the LSB, in keeping within the scope of our authority, that Esther Iverem’s concerns be addressed through any existing grievance policies that the station currently has in place to hear and resolve the concerns of aggrieved individuals, whether paid or unpaid staff.
We further recommend to WPFW that should no such grievance policy or policies currently exist, the station exert its best efforts to develop and implement the same as expeditiously as possible.

The CAB has been apprised that there are available resources that can aid in the process. That list of resources was provided to Ms. Iverem, who was encouraged to share the list to all affected parties so that they could avail themselves of the free services provided by the various sources. Specifically, we found resources that were designed for employees, station managers, and for LSB representatives.
